THINMAXX
BACKBONE OF THIN SLAB

High-performance foam backing solution designed to enhance the flexibility and durability of thin stone slabs.

Helps reduce breakage during fabrication, transportation, and installation, improving overall yield and efficiency.

Part#	Product	Size	Thickness	Single/Bundle
TMXHS-10	Polyethylene Backing Form for 6mm Hybrid Slab	48" x 110"	10mm	130 /115
TMXPT-10	Polyethylene Backing Form for 12mm Porcelain Jumbo Slab	33" x 128" (2 to cover large slab)	10mm	120 / 110

Thinmaxx – Maximum Slab Protection
Thinmaxx is a specialized foam backing board designed to be bonded to the back of thin porcelain or stone slabs.
By adding extra strength and flexibility, it helps prevent breakage during cutting, handling, transportation, and installation.
Lightweight yet durable, Thinmaxx offers fabricators, distributors, and installers greater peace of mind from warehouse to jobsite.
